LEGAL INTERN

## ABOUT ME

I am an ambitious and committed law school graduate from Kocaeli University looking forward to interning at law firms that specialize in International Trade Law, Turkish Trade Law, and Corporate Law. I am currently in the fifth month of my Legal Internship and I am eager to get more experienced working with law firms that have built a reputation as "international" law firms. Strongly motivated to provide any assistance to law firms regarding foreign clients with excellent written and verbal language skills. While I was a student at Kocaeli University, I always focused on improving myself which is why I tried to intern as much as possible with many law firms for long durations. During my high school years, I was part of the debate team. Debating vastly improved my logical thinking and speaking skills, which consequently lead me to become the number one speaker in many tournaments I attended. Debating also allowed me to visit Europe for International Debate Tournaments in Slovenia and Italy.

## WORK EXPERIENCE

### Legal Intern

Kurt & Partners Law Firm / İstanbul /Beşiktaş / Jan 2023 - May 2023

As a legal intern at Kurt & Partners Law Firm, I gained valuable experience in the legal field and learned important skills that will be useful in my future career. During my time there, I assisted with legal research, drafted legal documents, and participated in client meetings and court hearings. I was also solely responsible for handling residence permit, work permit, and citizenship applications for our foreign clients. This experience has allowed me to become more familiar with complexities involved in immigration law and citizenship law.

### Legal Intern

Aslan Attorney / Şişli / İstanbul / Aug 2022 - Present

Prior to starting my internship, I began working with Aslan Attorney. During my internship with Aslan Attorney I was able to learn Citizenship Law. My experience in Aslan Attorney allowed me to learn the Residence Permit Applications as well as the Citizenship applications filed under the article 31-J.

### Student Intern

During my internship with Elvan Bağ Canbaz I worked with various civil and criminal cases. I was also able to provide effective communication with foreign clients. I was also commissioned to draft and file individual applications to Constitutional Court and European Court of Human Rights. This amazing experience with Elvan Bağ Canbaz vastly improved my knowledge regarding the individual applications filed to the Constitutional Court and European Court of Human Rights meanwhile also improving my Legal English.

### Summer Intern

TOO Mizan Law Firm / Almaty / Kazakhstan / May 2020 - Aug 2020

During my visit in Almaty /Kazakhstan I had an amazing opportunity to intern with Aidyn Amankozhaev. My internship in Kazakhstan allowed me to observe the differences between Turkish and Kazakh Law. This experience allowed me to observe the essential differences between the essential differences in judicial organs between two countries.
